DOSAGES

In the drinking water:

Belgamax: 1 heaped teaspoon per liter
 Rebuild: 1 teaspoon per liter
 Improver: 1/2 teaspoon per 5 liter
 AntiFungal: 1/2 teske per 5 liter vann
 Clarify : 10 ml per liter

On the grain:

Omega 3: 1 tablespoon (10 ml) per kilo
 Oxy-B pulver: 1 heaped teaspoon per kilo
 MultiViTra: 1 heaped teaspoon per kilo
 Lecithin: 1 tablespoon (10 ml) per kilo
 L-Carnithine: 1 heaped teaspoon per kilo
 Amino Acid Powder: 1 heaped teaspoon per kilo

HEALTH PROGRAM IN THE RACING SEASON

Against Canker: TriColi STOP Capsules or powder (flock treatment) every third week or when needed.

We recommend to administer TriColi STOP on Tuesday evening if race is on Saturday

DOSAGE ON THE GRAIN WITH TRICOLI STOP (moisture with Omega-3):

1 heaped tablespoon (8 gram) per kilo grain. This 1 kilo grain mixture shall be given to 50 pigeons Tuesday evening

Against respiratory diseases: Broncho Plus

In the racing season: 2 ml per liter water 1-2 days per week

In the racing season give every 2nd-3rd week or when needed (e.g. When warm and humidic weather)

Can be mixed with all Pigeon Vitality products

Before racing season. We recommend to give Broncho Plus (2 ml per liter water) in 5 days.

Clarify: We have found that the pigeons respond well on 3 successive days with Clarify every third week (10 ml / liter water)
