HEALTH PROGRAM IN THE RACING SEASON

Against Canker: TriColi STOP Capsules or powder (flock treatment) every 2nd week or when needed*
 We recommend to administer TriColi STOP on Tuesday evening if race is on Saturday
 DOSAGE ON THE GRAIN WITH TRICOLI STOP (moisture with Omega-3):
 1 heaped tablespoon (8 gram) per kilo grain. This 1 kilo grain mixture shall be given to 50 pigeons Tuesday evening

Against respiratory diseases: Clarify - Broncho Plus
 In racing season: 3-4 successive days with Clarify every 2nd week (10 ml / liter water)*
 In the racing season if warm and humidic weather: Spray the air in the loft with BronchoPlus 1 hour before the before basketing
 Before racing season. We recommend to give Broncho Plus (2 ml per liter water) in 5 days.
 *Clarify and TriColi STOP can be given every 2nd week - alternately
