

Marshall Janes – Results that skyrocketed

2021

Since using the complete Pigeon Vitality racing system, my results have skyrocketed. From 20 races entered in 2021, I achieved 15 × 1st club, 14 × 1st section in the federation, 1 × 1st open federation, 4 × 2nd open federation and over 100 top-30 open positions, and I topped the section 6 times from 6 races in the Welsh South East National, as well as numerous top-30 open positions, being the furthest flyer in the federation and the national!

Since using these products, the birds are always super healthy and fly with vigour. I can't recommend these products enough.
